

Dear Scoutmasters:

Wet and High Program

I wanted to take an opportunity to make you aware of a new high adventure program being offered at Camp Grimes this summer. The program will start after lunch each day during session five and will run throughout the afternoon. On Monday, Tuesday, and Wednesday the scouts will participate in COPE, practice skills in climbing and kayaking, and be trained in wilderness first aid. On Thursday we will leave Camp Grimes after lunch to go rock climbing on a natural rock site. Friday we will leave Camp Grimes after breakfast and spend the day going whitewater kayaking.

This program is an excellent opportunity for our older scouts to participate in some new activities that have not been previously offered at Camp Grimes. Requirements to participate in the program are that you must be 13 years old or have completed the eighth grade and you must pass the swim test. The cost of the program is \$50.00.

You can register your scouts for the “Wet and High” program through the online registration system. The program is limited to twelve scouts each week. I am really hoping to see a strong interest in the new high adventure program so that we can continue to add new events in the upcoming seasons.

Please let me know if I can answer any further questions regarding the high adventure program

Mike Bishop

COPE/Climbing Director
