

## NATIONAL/COUNCIL POLICIES

1. Cub Scouts (Wolf & Bear) are permitted to camp with their families or a parent.
2. Webelos may camp as a den under the den leader and an assistant leader. However, parents are still encouraged to participate. There must be two-deep leadership in order to camp. If there is not, the Ranger/Campmaster will have to ask the unit to leave.
3. Alcoholic Beverages of all kinds are prohibited. Violators of this policy will be asked to leave the camp property.
4. Firearms, BB guns, and archery (bows and arrows) are prohibited in the camp except when used in a properly supervised program on the BB Range or Archery Range as outlined in the "Guide to Safe Scouting".
5. Possession or usage of illegal drugs (i.e. other than labeled prescription or non-prescription drugs) is prohibited. Law enforcement officers will be called.
6. In the interest of safety and in the interest of limiting wear and tear on the roads, all vehicles must be properly licensed and insured. All drivers must have a valid driver's license and must be 18 years of age or older (21 when transporting Scouts). As this is a camp, it is expected that people walk, not drive. This will help keep a more camp-like atmosphere. Special arrangements can be made for handicapped individuals and for transporting heavy equipment. In inclement weather, and at the sole discretion of the Camp Ranger/Campmaster, all service roads may be closed.
7. **Bringing PETS to camp is prohibited. Exceptions will be made for leader dogs for the seeing and hearing impaired.**
8. Sheath knives are not needed for Scout camping and are therefore prohibited.
9. Units wanting use of the pool must provide an adult currently certified in the Safe Swim Defense Plan. Card must be presented. All conditions in Safe Swim Defense must be met. All certification, CPR, and Lifesaving must be available to present to the Ranger/Campmaster. A certified BSA lifeguard is required.
10. Units wanting use of the waterfront, same as item 9 (above) except with a Safety Afloat plan certification. [Exceptions: Cub Scout and Webelos may only use the canoes and rowboats during Council/District activities and only on flat water]. A certified BSA lifeguard is required.

Please refer to the "Guide to Safe Scouting" for other questions.

## REMEMBER THE OUTDOOR CODE
